

Using DECEASED ESTATE FILES

STEP ONE: You will need an approximate date of death.

STEP TWO: There are five (5) series of files:

Duty paid	1887-1898	(indexed in volumes
	1898-1923	by date)
Z	1880-1923	(indexed on cards
pre-A	1923-1939	by name)
A	1939-1948	" "
B	1949-1958	" "

If you make your list of names in rough date order, it will make it easier to locate files quickly. As you can see from the above list, you might have to look at more than one index in order to find your file. Eg. A person who died in 1897 may appear in either the Duty Paid index or the Z Series index. We suggest that you look in the Z series index first, unless you are certain duty was paid. There may be three or more volumes of Duty Paid indexes for each year so it is possible that you might have to look at four or five indexes before locating the name you want.

STEP THREE: Look in the Guide to Deceased Estate Files (on book shelf) for index location numbers corresponding to the time period, series and/or alphabetic range. Eg. 19/10679 is the number for the A Series alphabetic range Bartens - Bee, so if the name of the deceased is Bates and they died in 1945, this is the number you will want.

STEP FOUR: Fill out a green request slip in this way and give it to the archivist on duty. Eg.

ARCHIVES OFFICE OF NEW SOUTH WALES			
REQUEST FOR MATERIAL HELD IN THE STATE ARCHIVES BUILDING			
Please note that no publication of quotations or extracts from State archives may be made without written permission

Shelf Location	Title or Description of Archive		
19/10679	B. Bates 1945 (A series)		
		Table Nos.	In Index
			Not in Index

The card or volume indexes will then be retrieved and given to you in the Search Room. They will be in alphabetical order, so go through them until you find the person you are looking for.

(i) Using the CARD INDEX

- do not remove cards from the box
- when you have located the card you require, write the number from the top right hand corner of the card on a green request slip with the name of the deceased. Bear in mind that the number may have either a Z, pre-A, A or B prefix, so please make sure you write down the whole file number on the slip.

(ii) Using the VOLUME INDEX

Locate the name of the deceased and write the duty paid date, with the name of the person on a green slip.

STEP FIVE: Once again, look in the Guide to Deceased Estate Files for the file location number corresponding to the series, file number or duty paid date. Complete your green request as shown and hand in at the desk.

STEP SIX: The correct files will then be located and given out to you in the Search Room.

N.B. If you are unable to find your file in the above indexes, we also have indexes to the Intestate Estate and the Public Trustee estates. One of our archivists will help you to locate these indexes.
